So today,
Fighting!

Today the sky is
RED

CREPUSCULE

It's my first time doing this,
please be indulgent ;P

Hi, Lark.

Seere!
Good morning

Aww.

.....
Huh?
휙

I'll go first, sister.

Why like that...?
Did you rest during the weekend?

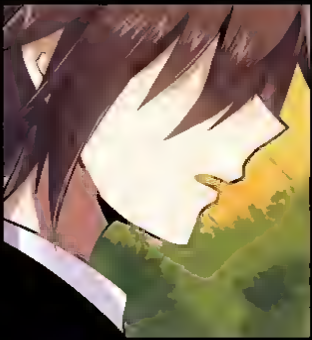
Huh? Yeoh
I slept for
two days
I think
I wonder
how much
Sio wos worried

Sia always thinks about everything well
He's always right, yeah

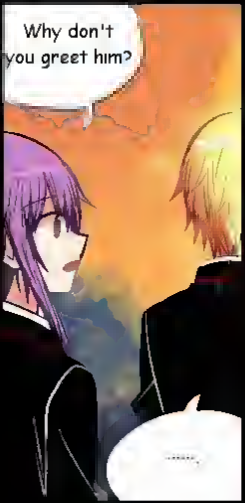
시끌
시끌

What is it?

Oh

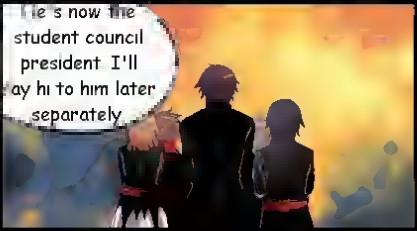


Seth...



Why don't you greet him?
.....

He looks busy



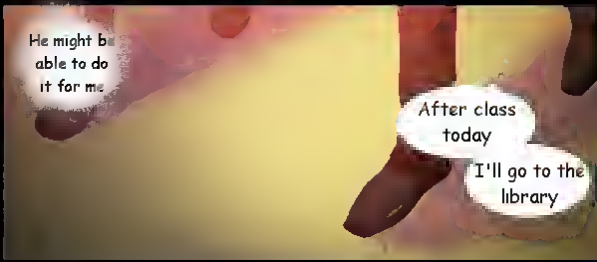
He's now the student council president I'll say hi to him later separately

The daily life is coming back

At that time, I
dreamed
of adventures

.....

If the dream
wasn't so bad

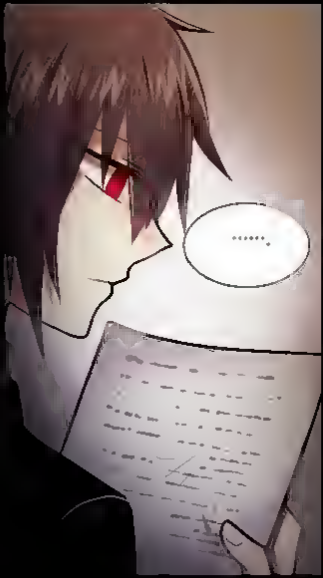


He might be able to do it for me
After class today
I'll go to the library

Come to think of it

Lark, did you study today's history quiz?
Huah!?

So, president
I'll take my leave
since I'm done
with the lessons
Yeah,
Good work

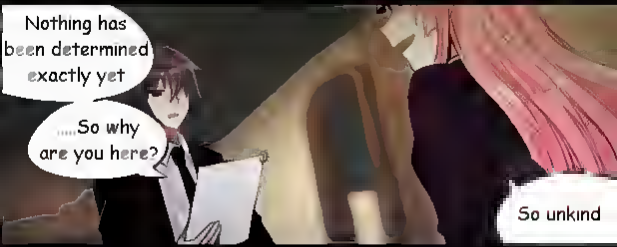


You're peaceful?
President

Bathory

.....It's only temporary You could do it.....
Sooo what You're busy as the real one would be

When will you
fficially become
the president?
That's when
you'll shine
properly



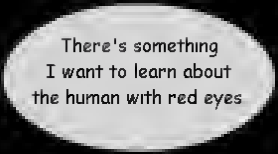
Nothing has been determined exactly yet
....So why are you here?
So unkind

I'm trying to do something a little hard
I need help

What?

Let me access
the library of
the Navarus mansion

Why?



There's something
I want to learn about
the human with red eyes

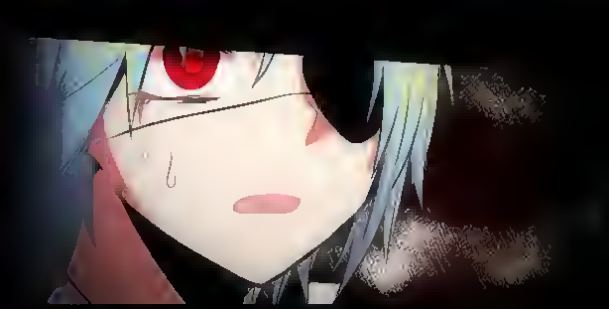
.....
Has anyone heard of him?

Yes It's been almost 2 weeks No news at all
What happened...
I've never been disobeyed

Hmmm...

Rather Congress nobles?
Well, anyway, that guy is coming back
That's not what we need to talk about
Oh, yes

Soon, you'll be arriving in the Navarus region



To be continued
